

# 2019 Golf GTI Buyer's Guide

All the power to you.

## Golf GTI top features

GTI Autobahn in Dark Iron Blue Metallic

### 228 HP turbocharged engine

The outside says zippy, but what's under the hood says pure power. With your choice of 7-speed dual-clutch Tiptronic® shifting or 6-speed manual transmission, the Golf GTI makes sure you feel all of it, no matter your preference.

### Sport suspension

Low means go. Not only does a lower suspension make for a more aerodynamic and stylish ride, but it's also stiffer and more responsive to your demands.

### Available panoramic sunroof

This driver's skylight is something you won't find in the Golf R. It spans the front two-thirds of the roof, so you can enjoy that top-down feeling, minus the bad hair day.

### Mechanical limited-slip differential

Bends in the road? Straighten them. To keep a sure footing through corners, the Golf GTI makes sure your outside wheel rotates faster and manages power between the inside and outside wheel, letting you maintain speed and traction.

### Available Discover Media infotainment system\*

Running low on phone data? The Discover Media 8" touchscreen music interface with built-in satellite navigation system lets you use your voice to find your way without using your phone.

\*Do not drive distracted. Drivers must pay full attention to the road and safe driving at all times.
